

## ***SCB-1600 W/SC-16 Scarifier Head Attachment***

### **INFORMATION**

After 10 years of research, development, and testing, BW Manufacturing, Inc. has produced the only scarifying / shot blasting machine in the market today. With a state of the art scarifying head that is self leveling to automatically adjust itself to different contours of the floor or pavement. You will achieve an accurate removal of thin mill coatings to 1/4" overlays. The SCB-1600 with the SC-16 Scarifier Head Attachment is ideal for use on rubber membranes, mastics, epoxy coatings, and line stripes.

The SCB-1600 with the SC-16 Scarifier Head Attachment will put you ahead of the competition with its high production rates and large vacuum/collector system that eliminates dust and removes all material from the surface it is scarifying.

Versatility is the key to the SCB-1600 with the SC-16 Scarifier Head Attachment. With quick change cages allowing you to go from steel to carbide cutters and to different cutting width cages in just minutes.

Designed with the operator in mind, the SCB-1600 uses one control for all machine operations along with power steering, adjustable seat with arm rest, and full visibility in front and behind either head attachment. General maintenance can be made through the removable side and lid panels. Any operator will feel comfortable running the SCB-1600.

Using the latest technology in EPA approved liquid cooled diesel engines and optional catalytic converter, you are far below any minimal emissions standards. With the use of state of the art components, compressors, electronic pulsation, hydraulics, and drives, the SCB-1600 is the most reliable and productive surface preparation machine on the market today.

## Chassis/Specifications

<b><u>Interchangeable Head:</u></b>	Shotblast Scarifier
<b><u>Tires:</u></b>	Non-marking
<b><u>Length:</u></b>	112"
<b><u>Width:</u></b>	56"
<b><u>Height:</u></b>	62"
<b><u>Weight:</u></b>	4480 lbs.
<b><u>Engine (Turbo Diesel):</u></b>	86 hp
<b><u>Drive:</u></b>	Hydrostat
<b><u>Compressor:</u></b>	Liquid Cooled 13 cfm.
<b><u>Vacuum:</u></b>	2280 cfm.
<b><u>Steering:</u></b>	Power
<b><u>Collector Capacity:</u></b>	19.67 cubic ft.
<b><u>Aisle Width Min:</u></b>	78" (Blastable Width)

## Accessories

### **10129-B**

Blend Filter (standard)  
99.7% Efficiency @ .05 Microns

### **10129-D**

Moisture Resistant (optional)  
99% Efficiency @ 1-2 Microns

### **10129-H**

HEPA (optional) (Special Order)  
99.995% Efficiency @ .03 Microns

### **SC-1610-S**

Cage W/Steel Cutters

Cage W/ Steel Cutters

## Scarifier/Specifications

<b><u>Production Capacity:</u></b>	500 to 1500 sfh
<b><u>Cleaning Path:</u></b>	4" to 16"
<b><u>Width with attachment:</u></b>	56"
<b><u>Weight:</u></b>	620 lbs.

### **SC-1610-C**

Cage W/Carbide Cutters

Cage W/ Carbide Cutters

## SCARIFIER APPLICATIONS

- Industrial floors
- Bridge decks
- Parking decks
- Line stripes
- Block floors
- Rubber membranes
- Highways

### **A-16C12**

12 Point Carbide Cutter  
(Requires 232 per cage)

### **SC-1630**

Steel Cutters  
(Requires 304 per cage)
